Boice Crane | Ozark Tool Manuals & Books
In August of 1936, the company name was formally changed to Boice-Crane Co. During the 1950s and '60s, they sold a gear-head drill press made by Arboga of Sweden. This was later replaced by a similar Swedish-made drill made by Strand. At some point, Boice-Crane acquired the rights to the Comet line of radial arm saws. The history of Comet is ...

[Helmet Head 2600] Boice Crane Drill Press
I have an old drill, I believe that it is a Boice Crane, says it on a tag, along with a tag saying "Made in Sweden". From what I have found, Boice Crane built mostly woodworking machinery, and was a US company. It did build drill presses, but made in Sweden? I believe Wilton bought out the drill press line. Anybody know anything about this machine? Anybody know how to go about getting a chuck ...

Boice Crane Drill - Practical Machinist
How to Change the Speed of a Drill Press: Changing the spindle speed for a manual drill press requires physically adjusting belts between pulleys. In this example, we have three pulley sets two belts on a JET drill press. The original speed is 540 and we will be changing it to 1840. I ma...
