Your DSC Security System is made up of a DSC control panel, one or more keypads and various sensors and detectors. The control panel, which is a metal cabinet, will be mounted out of the way in a utility closet or in the basement. The metal cabinet contains the system electronics, fuses and back up battery.

DSC

Use the keypad to enter the code "*72." This resets the smoke sensors, which will cause the alarm to stop if it is still ringing. If your keypad has an "Enter" button, press this once you have entered the code. If you accidentally press the wrong number on the keypad, simply press the exit button and then re-enter the code.
