Cutler Hammer Kit K-6010 | Generator Interlock Kit
Answer : A generator interlock kit is great if you want to supply power to your entire circuit breaker panel and can be an economical choice compared to installing a separate external transfer switch. Below are step by step photos depicting an interlock kit installation on an older Cutler Hammer main circuit breaker panel.

Cutler-Hammer, Mechanical Interlock Covers, Cutler-Hammer ...
An Interlock kit isn ' t quite the same as a manual transfer switch since it will technically backfeed the panel. What you ' ll do is install this kit into your main panel so that you ' ll be able to lock out either the utility power or generator power. After installing the kit you will need to have a dedicated breaker that will be your source of providing power to the panel from the inlet box ...
